News Release

Ashland declares force majeure in Europe on 1.4 butanediol, tetrahydrofuran and formaldehyde after fire shuts down production at manufacturing facility in Marl, Germany

COVINGTON, Kentucky, August 11, 2017 – Ashland (NYSE: ASH) today announced it has declared a force majeure in Europe on 1.4 butanediol (BDO), tetrahydrofuran (THF) and formaldehyde as a result of a fire at its manufacturing facility in Marl, Germany, that led to the shutdown of production operations on August 10.

Production has been suspended while an investigation into the cause and extent of the fire takes place. As a result, the Marl facility is currently unable to produce any 1.4 BDO, THF or formaldehyde, and the availability of product is significantly reduced.

Ashland is working with affected customers to minimize the impact to their respective businesses, and will continue to provide updates regarding supply capability.

About Ashland

Ashland Global Holdings Inc. (NYSE: ASH) is a premier global specialty chemicals company serving customers in a wide range of consumer and industrial markets, including adhesives, architectural coatings, automotive, construction, energy, food and beverage, personal care and pharmaceutical.
