Ashland Inc. enters into \$150 million accelerated share repurchase agreement

May 20, 2013

COVINGTON, Ky. - Ashland Inc. (NYSE: ASH) announced today that it has entered into a \$150 million accelerated share repurchase agreement (ASR) with Citibank, N.A. Under the ASR, Ashland has agreed to repurchase an aggregate of \$150 million of its common stock from Citi, with immediate delivery of approximately 1.3 million shares based on current market prices. The ASR is part of the company's recently announced \$600 million common stock repurchase program and reflects Ashland's continued commitment to return capital to its shareholders.

The total number of shares to be ultimately repurchased by the company under the ASR will be based on Ashland's volume-weighted average stock price during the term of the ASR, less an agreed discount. The term of the ASR is expected to be between one to three months, and the actual number of shares purchased will be determined at the completion of the ASR. The ASR is being funded with cash on hand.
